This file is an analysis of Marriage (82 pages) and Baptism (435 pages) records of Portumna Parish from 1830-1891. All 46 BOHAN marriages are noted. In addition, Baptism records are tied to the marriage records so that family groups may be visualized. In many cases, children of the parish can be tied to a couple.

The film is the small size 16mm. It is recorded as a negative to better show difficult areas. Most pages are viewable but some are in such poor condition that one must guess at what is written. Even on good pages the handwriting is tricky. The priest wrote down the names by the way they sounded or by common knowledge. You should suspect errors even in the best transcriptions. Use Adobe's search feature to find names. Be sure to try all spelling variations (e.g. Bridget, Briget, Brigid, etc.).

Film Notes:

MARRIAGES

There are 5 Baptisms recorded on Marriages page 56. There is an "X" over all five. They are in the spring of 1866.

BAPTISMS

Pages 26-27 are blank but there is not a break in dates. Page 70 is missing - this is June 1835. There are no pages for 1851 Baptisms - It is blank for pages for 202-206.

Two pages were out of sequence in the film. The JPEG photograph files are in order.

The middle of Page 169 switches from December 19, 1846 to January 1844. New entries from 1844 - 1846 continue until page 181, when 1847 begins - (Were the records of another Parish absorbed?)

From the beginning 1842 until the summer of that year, the town lands are noted on Baptisms.
